

Job for 2D Artist

Tiny Lab Productions is currently looking for a highly enthusiastic, dedicated and talented **2D artist**.

*Do you have a broad range of experience covering 2D art?
Here's a chance to join a small team where you can put all of your skills
and interests to work.*

About us:

[Tiny Lab Productions](#) is a small indie games studio located in Kaunas, Lithuania.

Some games from our studio:

Nebula44.com

Orborun.com

[Fun kid racing](#)

And many other games!

on [Google Play](#)

on [iTunes](#)

Position responsibilities:

- 2D (concept, illustration, texturing, UI) art deliverance.
- Maintaining the production pipeline and meeting deadlines.

Required skills & experience:

- Proficiency using Adobe Photoshop or equivalent 2D paint program.
- Great sense of line and form, color and lighting, human anatomy, technical and architectural design, and environmental painting skills.
- Strong character and environment design skills are big plus.
- Ability to work with a broad range of subjects and styles.
- Creating 2D animations is a strong plus.
- Passion for gaming.
- 3D experience is a plus but is not required.
- Ability to easily communicate in English.
- Self-motivation, desire to grow your skills, good communication skills & ability to work within a team.

Applicant should enclose a portfolio or link to an online portfolio to their application.
