

## Internship

### Philip Morris Lietuva Klaipeda

We champion curiosity and personal ambition. The more you learn, the more you progress – and so do we as a company. That is why we invest in you and your development. You keep broadening your horizons, discovering and experiencing the new and unknown every day, packing more experience in a shorter timeframe.

#### RISE TO THE CHALLENGE

- Work on diverse real life projects & tasks
- Master new skills, gain new knowledge and perspectives from the global company
- Share your insights, implement your ideas and contribute to the success of your team
- Meet & collaborate with our leaders & professionals in a multicultural environment

#### DEPARTMENTS AVAILABLE

- Tax & Accounting
- Employee Health, Safety & Security
- Continuous Improvement & Operations Training
- Engineering
- Quality Assurance
- Supply Chain
- Operations

#### FIND A NEW PATH

Here, you will never stop exploring and discovering. We take on-the-job learning to another level, giving you every opportunity to develop yourself and reach your full potential. We also offer you:

- Interesting challenge in a multinational organization, leader in it's industry
- Work in a dynamic and highly professional team
- Competitive salary

#### WHAT ARE WE LOOKING FOR?

- Are you a 3<sup>rd</sup>-4<sup>th</sup> year bachelor or master studies student in Technological, Physical or Social sciences?
- Are you an analytical personality, craving for knowledge and driven by problem solving?
- Are you a team player, willing to openly share and collaborate, to actively listen, but also challenge us?
- You speak fluently Lithuanian & English and you master MS Office package (Excel & PowerPoint)?

#### JOIN A GLOBAL MARKET LEADER

PMI is the world's leading international tobacco company, with six of the world's top 15 international brands and products sold in more than 180 markets. In addition to the manufacture and sale of cigarettes, including the number one global cigarette brand, and other tobacco products, PMI is engaged in the development and commercialization of Reduced-Risk Products ("RRPs"). RRP is the term PMI uses to refer to products with the potential to reduce individual risk in comparison to smoking cigarettes. Through multidisciplinary capabilities in product development, state-of-the-art facilities, and scientific substantiation, PMI aims to provide an RRP portfolio of broad spectrum. For more information, see [www.pmi.com](http://www.pmi.com) and [www.pmiscience.com](http://www.pmiscience.com).

Apply [www.pmicareers.com](http://www.pmicareers.com) until 15th of April, 2018.

Note, that recruiter will contact only those candidates, who meet all the requirements and are selected for further steps.
