

## **LIST OF DOCTORAL DISSERTATION TOPICS AND SUPERVISORS (2021)**

### **KLAIPĖDA UNIVERSITY**

1. “Spatial-temporal Patterns of Physical Conditions of the Baltic Sea Coastal habitats“  
Supervisor dr. M. Bučas
2. “Status and Changes of Ecotones of Agrarian Landscape under the Impact of Climatic and Anthropogenic factors”  
Supervisor prof. dr. A. Bučienė
3. “Evaluation and Forecasting of the Marine Hazards: Science Based Support for Decision-Makers“  
Supervisor prof. dr. K. Myrberg

### **VILNIUS UNIVERSITY**

1. “Formation and Recurrence of Compound Climate Events in the Eastern Part of the Baltic Sea Region“  
Supervisor prof. dr. E. Rimkus
2. “The Climate Change Impact on the Relationship Between Regional Weather Anomalies and Prevailing Atmospheric Circulation Types in Baltic Region“  
Supervisor assoc. dr. G. Stankūnavičius

### **NATURE RESEARCH CENTRE**

1. “Investigation of Coastal Sediment Transport and Hydrodynamic Processes based on Sediments Magnetic Properties (Southeastern Baltic Sea)”  
Supervisor assoc. dr. D. Pupienis
