## ***3rd International Students of Health Sciences Conference***

**17th of March, 2017  
ŠVYTURIO arena  
Dubysos str. 10,  
Klaipeda, Lithuania**

### ***- 3rd International Students of Health Sciences Conference:***

#### **Sections of Students conference:**

- Nursing Science and Practice: students' experience
  - Development of Recreation and Tourism
  - Innovative Social Work for Sustainable Society and Human Health
  - Current Issues of Medical Technologies
  - Education of Physical Activity to Strengthen Health
  - Current issues of Public Health Sciences
  - Advanced Physical and Occupational Therapy Practice, Experience, Initiative
- 
- ✓ We are inviting all high school bachelor, master and PhD students to attend the conference, get acquainted to research results and practical insights, discuss topical issues of health sciences.
  - ✓ There are few options how students can present their works: as a poster, give an oral presentation and/or submit a manuscript for publication.
  - ✓ Abstracts and manuscripts related to the conference topics and which will meet the requirements will be published in electronic conference book. Registration is open until **2017-02-15**. More information will be provided by below listed contacts.
  - ✓ All presenters will be informed about the final decision until 1st of March, 2017.
  - ✓ Registration and submission of abstract and manuscripts is here:

work phone (846) 398565

**Abstracts for publication should be sent until 2017-02-15**

### **Abstract Formatting Instructions:**

- **File Type:** Abstracts must be submitted as a MS Word file (.doc or .docx).
- **File Name:** Please title the abstract file as follows, the presenter's entire last name, followed by the first initial of their first name plus the word "Abstract". Example: "SmithJAbstract.doc"
- **Page Format:** A4 page with 2cm margins. 1cm interval and 12-point Times New Roman font.
- **Page Limit:** 1 page for complete abstract.
- **Title:** The abstract title should be in all CAPITAL letters.
- **Authors:** The name of each presenting author should be underlined. The presenting undergraduate author(s) should be first author(s) and the research mentor (for students conference) should be the last author. Any co-authors who are not presenting should be included between the presenter(s) and research mentor. Affiliations should be included for all authors/co-authors and noted using superscript numbers.
- **Body of Abstract:** Maximum word count is 400. (Title, authors, affiliations are not included in word limit). Paragraphs must be indented using a tab.

### **Abstract Content Instructions:**

- Suggested content for the body of the abstract on the presenter's research includes: title page, authors' name, surname, affiliations, introduction, methods, results, conclusions, key words, references
- The manuscript should reflect the relevance of the topic, the aim of publication, main topic revealing statements, conclusions, references.
- Remember that the presenter's research mentor must approve the final abstract before it is submitted.

If the abstracts will not meet the presented requirements, they will be rejected. All presenters will be informed about the final decision until 1st of March, 2017.
